

APPLYING FOR FUNDING - PREPARE YOUR APPLICATION

Identify the right grant programme

All professional organisations of the public, voluntary, and private sectors are eligible for a European grant. Whether you are an association, a company, a university, a public body, a research centre, or a trade union, there are certainly several European funding programmes in your activity sector that are suited for your project. There are more than 450 European funding programmes, with each one having been designed for specific themes or policy areas. Setting up a specific approach will help you identify the right European funding and verify that your organisation is properly eligible to it.

WHO WE ARE?

Established in 2000 by French and Dutch partners, Welcomeurope acts as an independent organisation under French law (SAS Simplified Joint Stock Company), and provides its services all through Europe.

Founded by Lorraine de Bouchony, Mireille van der Graaf and Nicolas Gerschel, Welcomeurope is the first and direct bridge between the European institutions providing funds and the potential beneficiaries on the ground.

FUNDING REVIEW

Do you need assistance in identifying the right opportunities for your projects?

Welcomeurope identifies the relevant funding programme for each of your projects.

The process takes place in three steps.

1. You provide us an outline of your project
2. We evaluate its consistency regarding available funds
3. We identify the right funding programme, we guide you in the project optimal structuring, and we alert you in the case of potential risks.
